

Hello Andzelika,

My school is a public school. The High School has approximately 40 teachers and 400 students. It is located in Villar, some students come bus or car while those who live closer come walking or biking.

We study compulsory secondary education and we can also study upper secondary (a levels). You can choose: Humanities and Social Studies, Arts or Sciences and Technology.

This year our subjects are: Spanish, English, French, history, technology, maths, PE, music, physics and chemistry and valous.

My favourite subjects are biology and maths. The classes start at 8:30, even if I get up at 7:15, and finish at 14:30, I come home to eat at 14:45. Classes last 55 minutes.

The break starts at 11:15 and ends at 11:45. In that half hour we will buy the snack with our friends, there are people who already bring it from home.

This year we have an exchange with France, I'm very excited about it! Now there are also two competitions in the Institute, one is photography and the other maths.

My favourite place in the school are the banks in front it because this is the place where I meet my friends to go somewhere together or to get into class after the break.

I like my school, isn't big or has many students
but I like it so we know all the students and
we are friends.

I really want to see us. And how is your school?

Bye, bye
